

CREDITS AND ACKNOWLEDGMENTS

This *Seeing and Exploring the Universe kit* was designed and produced by the Education and Public Outreach Group at Sonoma State University, under the direction of Professor Lynn Cominsky with introductory text by Dr. Philip Plait, production assistance by Michelle Curtis and art design and layout by Aurore Simonnet. Sponsored by the SEU Education Forum at the Harvard-Smithsonian Center for Astrophysics and NASA's Office of Space Science.

We gratefully acknowledge helpful comments and/or materials provided by Jim Lochner, Kathleen Lestition, Beth Jacob, Lindsay Bartolone, Sandi Beck, Eric Christian, Nahide Craig, Mary Dussault, Chris Foster, Ilana Harrus, Nancy Leon, Gary Melnick, Irene Porro, Shannon K'Doah Range, Tycho von Rosenvinge, and Laura Whitlock.

The *Anatomy of a Black Hole poster* and Information and Activity Booklet, the *Exploring the Extreme Universe-2 CD*, and the *Imagine the Universe! CD* were provided by the High Energy Astrophysics Science Archive Research Center, in the Laboratory for High Energy Astrophysics at NASA's Goddard Space Flight Center. The Multi-wavelength Milky Way poster was provided by the Astrophysics Data Facility at NASA's Goddard Space Flight Center.
